EUROPEAN REGULATION 1907/2006
REGISTRATION, EVALUATION, AUTHORISATION AND RESTRICTION OF CHEMICALS - REACH

SUPPLIER'S DECLARATION OF COMPLIANCE WITH REACH REGULATION

This regulation of European Parliament and Council Regulation EC No 1907/2006 concerns safe use of chemicals. Safety issues are taken into consideration where applicable by registration, evaluation, authorization and trade restrictions while such chemicals are imported or used in the European market.

PCM Technology Oy is considered as a manufacturer of "articles" according to the REACH regulation.

The articles manufactured by PCM Technology Oy do not contain or are intentionally added such substances as defined in the Candidate List of Substances of Very High Concern of Authorization in the REACH regulation.

The Safety Information Sheets of the materials used are available in order to communicate relevant information about the health and environmental hazards concerning our products.
